

THE LANGHAM

NEW YORK, FIFTH AVENUE

Sustainability Policy

The Langham, New York, Fifth Avenue is committed to achieving environmental and social sustainability in New York City. We have partnered with EarthCheck, the world's leading benchmarking and certification provider used by the travel and tourism industry, and we will continue to achieve international best practice.

Our property is a 234-room luxury hotel located in the heart of Midtown Manhattan and includes conference facilities, Chuan Spa Health + Wellness, and a fitness center.

The Langham, New York, Fifth Avenue recognizes that the operations of our hotel have the potential to negatively impact the environment if not properly managed. We have implemented several procedures in order to minimize our environmental footprint and constructively contribute to our local community.

We strive to reduce our consumption of energy, water and waste going to landfill

We build relationships and educate through Green Team initiatives

We reduce, reuse and recycle waste and packing

We implement the use of environmentally friendly products and services

We involve our staff in our monthly charity and community projects

We are committed to comply with all relevant legislation and regulations

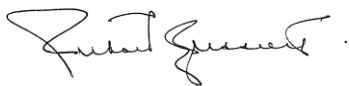

We employ locally and give preference to local products and services when possible

We are committed to Fair Trade principles

The Langham, New York, Fifth Avenue is committed to continual improvement measured by Annual Benchmarking Assessments. Our team strives towards minimizing our impact on the environment by continuing to implement sustainable initiatives. We have appointed our Director of Loss Prevention as the EarthCheck Coordinator who, in conjunction with the hotel's Green Team, is responsible for improving the hotel's sustainable performance.

We encourage our colleagues to share our commitment to environmental and social sustainability with our guests, suppliers, contractors and other key stake holders.

Sincerely,

Richard Bussiere
Managing Director
